

Khaled Magdy Amin

Front-End Developer (React – Next) (Vue - Nuxt)

+201063039216 | Cairo, Egypt

km465075@gmail.com | <https://github.com/khaled899> | <https://www.linkedin.com/in/khaled-magdy-4578a41bb/>

OBJECTIVE

Innovative and detail-oriented **Front-End Developer** with over **3 years of experience** in designing and developing user-centric, responsive web applications. Adept at **leading front- end teams**, optimizing UI performance, and implementing **modern web architectures**.

Passionate about creating seamless and scalable digital experiences that drive user engagement

EXPERIENCE

- **Cord Digital | Frontend Developer | 8/2023 - Present | Cairo, Egypt**
 - Worked on multiple projects using **Blade** and **Next.js**, delivering scalable and responsive web applications.
 - Optimized frontend performance through advanced JavaScript techniques and efficient WordPress asset handling, achieving a 20% boost in dashboard interaction speed.
 - Collaborated on the company's **ERP system**, improving internal workflows and user experience.
 - Enhanced performance and optimized UI for better scalability and maintainability across projects.
- **Branspect | Frontend Developer & WordPress | 3 /2025 - 8/2025| New Cairo, Egypt**
 - Designed and implemented key UI components and custom WordPress themes/plugins to enhance usability and performance across web platforms.
 - Optimized frontend performance through advanced JavaScript techniques and efficient WordPress asset handling, achieving a 20% boost in dashboard interaction speed.
 - Conducted training sessions on WordPress theme development, page builders (like Elementor), and modern frontend technologies (React/Vue), elevating team proficiency and project quality.

- **MEC | React Developer & Frontend Instructor | 11/2023 - Present | Giza, Egypt (Part-Time)**
 - Spearheaded the **development of an educational dashboard**, improving student task management efficiency.
 - Designed and implemented **key UI features** that enhanced usability and performance.
 - Optimized UI rendering, leading to a **20% performance boost** in dashboard interactions.
 - Conducted **training sessions** for junior developers, improving team proficiency in modern front-end technologies.
- **Amit-learning | React Developer | 2022 - 10/2023 | Cairo, Maadi, Egypt**
 - Initially worked as a **Technical Support Assistant**, later promoted to **Frontend Instructor** and then **Mid-Level Frontend Developer**.
 - Led frontend development for **Amit CRM v2**, streamlining internal workflow for better client management.
 - Developed **Amit's official website** using **Vue.js & Laravel**, increasing user traffic by **25%**.
 - Collaborated with the **marketing team** on client projects, enhancing online engagement.
 - Currently working as a **Part-Time Instructor** for frontend technologies.
- **Al-Ahram Academy | Marketing & Developer | 2020 - 2022 | Cairo, Egypt**
 - Designed and developed **marketing landing pages**, boosting conversion rates by **15%**.
 - Implemented **SEO strategies**, improving organic reach and online visibility.
- **EraaSoft | Frontend Trainee | 2020 | Cairo, Doki, Egypt**
 - Completed hands-on training in **HTML, CSS, Bootstrap, JavaScript, and jQuery**.
 - Built **fully responsive websites**, enhancing user accessibility.
- **ITC University | Trainee | 2019 | Cairo, Egypt**
 - Developed a **Pharmacy Management System** as a **graduation project** using **C#**.

TECHNICAL SKILLS

- **Frameworks & Libraries:** React.js, Next.js, Vue.js, Nuxt.js,
- **UI & Styling:** Tailwind, Sass, Bootstrap, Vuetify, Material UI
- **State Management & Optimization:** React Query, Formik, Yup, React Hook Form, Redux Toolkit, Vuex, Pinia
- **Testing & Performance:** Jest, Cypress
- **Version Control:** Git, GitHub
- **Software Principles:** SOLID, Component-Based Architecture

PROJECTS

1: AMIT-Learning

- ▢ Built a **course booking system** that increased student registrations by **25%**.
- ▢ Integrated an **interactive student dashboard** for a seamless learning experience.
- ▢ Improved page load speed by **30%** through optimized asset management.

2: AMIT-Learning CRM (Private Production)

- ▢ Developed **custom reporting tools**, improving client-employee interactions.
- ▢ Implemented **workflow automation**, enhancing internal efficiency\

3: Cordiana

- ▢ As a Senior Frontend Developer, I contributed to building and enhancing Cordiana ERP, a comprehensive enterprise management system. My role focused on developing scalable and responsive interfaces using **Blade, Next.js, and modern frontend technologies**, ensuring seamless user experience across modules such as HR, Finance, Inventory, and Project Management. I collaborated closely with backend engineers and business analysts to translate complex workflows into intuitive UI, optimized performance for large-scale data operations, and implemented reusable components to maintain consistency and scalability across the platform.
